OUR STRENGTH IS IN OUR NUMBERS

FERPA Waiver

Background

To have a properly functioning union, GEO needs to know what employees are in our bargaining unit and covered by our union contract at all times. It is standard practice for employers to provide unions access to their bargaining unit lists. Due to an old law (FERPA, the Family Educational Rights and Privacy Act of 1974) that is being strictly enforced of late by the federal government, student records are private—with the exception of certain basic “directory” information (name, address, phone, etc.) The problem is that employment status is not considered directory information. As such, the University of Massachusetts Boston administration currently argues that, by giving us any list of the employees in our unit—who are graduate students and subject to FERPA—they would automatically be giving us private information (i.e. employment status) proscribed under FERPA. Therefore, they maintain that they cannot give us any unit information at all, and say that the only way we can contact our full unit is through communications sent out via the UMB administration. GEO is currently contesting this interpretation of FERPA—as are other graduate employee unions nationwide. However; if you sign the waiver below, the administration will provide GEO with your information for our member database. **It is also your right to choose not to sign the waiver.** However, the more waivers that are signed, the more effective our administrative apparatus. The waivers allow us to know how many members we have and organize more effectively, which helps us negotiate higher wages and better benefits in future contracts. Signing the waiver helps all graduate workers on campus.

We strongly encourage all graduate assistants to sign the waiver.
